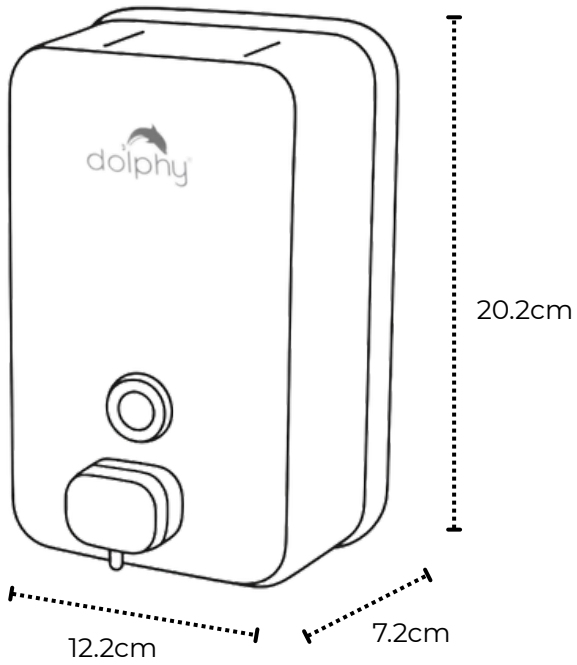
Corrosion Resistant Vertical S/S Soap Dispenser 1200mL

DSDR0100



Product Overview

Dolphy's Corrosion-Resistant Stainless Steel Soap Dispenser specifically designed to endure high-traffic environments and withstand potential rough use. The soap vessel is made from PE (Polyethylene) plastic, while the valve is constructed from ABS plastic, which provides added strength and corrosion resistance. The outer body is crafted from 304-grade, 20-gauge stainless steel with a satin finish.

KEY FEATURES & SPECIFICATION:

- Heavy Duty
- Easy to Refill
- Anti-theft
- Attractive Design
- Versatile Use
- Ideal Applications
