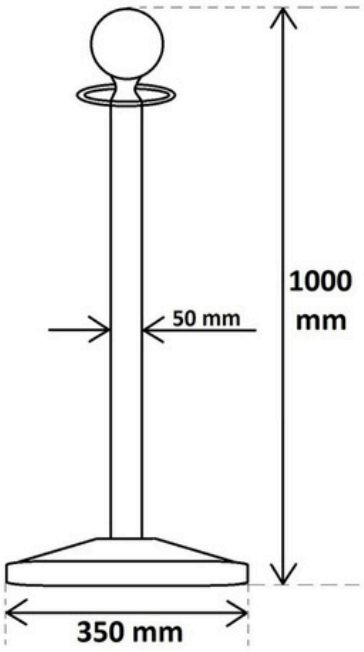
Queue Barrier - Silver

DQMG0003



Product Overview

The Dolphy Queue Barrier – Silver is a robust and elegant solution for managing crowds and designating areas at various events. Made from durable stainless steel with a sleek silver finish, this queue barrier post is perfect for theatres, casinos, restaurants, and red carpet events. Its sturdy design, with a special base and anti-slip ring, ensures long-term service and stability, making it ideal for crowd control at both indoor and outdoor venues.

KEY FEATURES & SPECIFICATION:

- Durable metal construction with a sleek silver finish.
- 4-way adaptor at the top for easy assembly and flexibility.
- Cast iron base with an anti-slip ring for stability and floor protection.
- Lightweight and easy to move, making it perfect for event setups.
- Ideal for crowd control at parties, schools, offices, exhibitions, and various events.
